

Press release

Date: 15th January 2024

New CFO for Roto Frank Fenster- und Türtechnologie / Christian Seller succeeds Michael Stangier / The Holding Director thanks Stangier for 20 years of service

The Roto Group appoints a successor to Michael Stangier

Leinfelden-Echterdingen – For 20 years, Michael Stangier (62) has been the CFO of Roto Frank Fenster- und Türtechnologie GmbH (FTT) and a member of the Board of Directors. He will now hand over responsibility to Christian Seller (53) during the second quarter.

Fluid transition

"It is crucial that key roles, like the CFO positions in the Roto Group divisions, are filled by experienced specialists," explained Dr Eckhard Keill (70), Sole Director of Roto Frank Holding AG. "We are therefore very pleased that we were able to bring in Christian Seller as the CFO of Roto FTT." After all, a company can only be the best and most reliable partner to its customers when the optimal successor for departing managers is found as early and successfully as possible.

Christian Seller is a highly qualified manager. He has already fulfilled this role for industrial companies, including in the construction industry.

Goodbye from Stangier

"The Roto Group owes its economic stability and its drive for sustainable expansion in no small part to the work of Michael Stangier," underscores Dr Keill as part of an official farewell to the outgoing CFO. Stangier will be offering his services to the Roto Group in future in an advisory capacity.
