Roto AluVision Special Colours

Greater individuality - fast and easy

Roto AluVision Special Colours

Some like it colourful – and that's where we come in

Roto hardware technology for aluminium windows and balcony doors offers planners, facade builders and systems houses excellent possibilities for successfully realising even the most demanding projects. In addition to great application and functional variety as well as proven quality, the Roto hardware design is also impressive.

Now we see to it that you can meet even the more unusual design requirements of your

customers. Much of our hardware such as, for example geared handles, handles or hinge sides, is available with individual surfaces - in more than 200 colours!

More colour: greater freedom

Choose your visible components in your company's specific colours, realise consistent colour concepts in the buildings you plan, and set targeted colour accents on windows, doors or facades.

Roto AluVision makes it possible – whether for a coloured handle and hinge side to match the profile, whether it's a Turn-Only sash lock in a signal colour or a hinge and handle colour to match a customer logo: with hardware systems in many special colours.

You define what's possible

We coat the hardware surfaces to meet your requirements. We have a range of 200 RAL colours permanently in stock for you to choose from. And if this colour spectrum isn't enough, just tell us what colour tone you require – preferably along with the manufacturer and the article number. We will do the rest. Quickly and reliably, just as required.

There's nothing better than a splash of colour

Our aim is to offer customized colours for all the visible hardware from the Roto AluVision range. At present, the following product

groups and components are available in individual colours:

- Roto AluVision Tilt&Turn hardware T 300 and T 540: Geared-handles, accessories, hinge sides
- Concealed Roto AluVision Designo Tilt&Turn hardware: Geared-handles, accessories
- Roto Patio Lift Hardware system for Lift&Slide doors: Handles

Easy to order, cheap to buy, delivered quickly

Order your specific powder-coated hardware very conveniently and with no complications: With the "Special colours Checklist" that our Customer Service would be happy to provide you with. We guarantee

pleasingly short processing times. When you choose one of the 200 RAL colour tones that we have in stock, your hardware will be ready for dispatch just seven days after we receive the order! Our attractive conditions graded by quantity prove that special wishes don't have to be expensive. We even offer larger sales volumes without the special colours surcharge.

Take advantage of our offer, fulfil your customers' wishes and improve your position with respect to the competition. We would be happy to advise you!

Creates inner values
